Missionaries to the Tsongas of South Africa

8 MINISTRIES TO GOD'S GLORY

An Update on God's Work Among the Tsongas and Beyond

Here is our humble overview of some ministries in which God has put us in charge. Though their number, breadth, and depth are smaller than those of many missionaries, we pray "Faithful" would be written upon the banner of our lives.

We draw inspiration from Charles Spurgeon, the Prince of Preachers, who—despite his fame as an evangelist—gave most of his time to writing in hopes of reaching the world and future generations. He also oversaw a network of over 60 ministries, from orphanages, to book distributors, to missions organizations. We want to imitate that.

1. **Tiyani Church Plant**

After handing off Trinity to local leadership last year, we now gather for corporate worship in Tiyani Village 30 minutes away. We've witnessed in this village for many years and teach there three times during the week. The fruit is small, but we hope for several baptisms during Easter.

2. **Trinity Baptist Church**

Since last year, Tiyani Ntuli has pastored Trinity Baptist, the church we planted well over a decade ago. He was my closest Timothy since his early teen years. He, along with his wife Belo, has served the congregation with humility and joy and reaches the Tsongas in ways far surpassing us.

3. **[Miseve Classical School](#)**

Now in the fourth year of the school, it has grown from just a few students to over 100. Each week day the teachers pour God's Word into the children. The goal is drilling a Christ-centered worldview into each child, as well as reaching the community with the gospel. Recently, Melinda and the teachers taught over 40 mothers at a MOM's event.

4. **[GYM Camp Junior and Senior](#)**

Each year our camps for young men have grown. GYM stands for Godly Young Men and the motto is lead, provide, protect. For three days we seek to model and teach masculinity from a biblical worldview.

5. **[GYM Camp Maidens](#)**

By popular demand, 2025 will be our "maiden" voyage for a ladies' camp—still GYM—called Godly Young Maidens. The motto is honor, nurture, help. Ladies are beautiful and fragile like stained glass, so we'll give them nicer accommodations, but the goal is the same. One speaker is in her late 80's.

6. **[Internships](#)**

Almost every morning and evening our family of ten joins with young people from around the country and around the world for meals, Family Worship, and other activities. Our home is a poor man's L'Abri, giving us ample opportunities to pour wisdom into the next generation.

7. **Media Ministries**

Yamikani and Miso Katunga continue to bless the ministry beyond our expectations. They give themselves to the church and school with all their hearts.

Karni creates excellent content for outlets like the [Missionary Minds Podcast](#), [Miseve School](#), GYM, and others.

8. **The Yawo of Malawi**

We've not forgotten the Yawo Muslims. Recently, the Tsonga churches sent them a gift. Lindy and I hope to visit this year.

Pray for Us

We long for more conversions, more baptisms, more laborers (send us interns), and more holiness. Thank you for your prayers.

Warmly, Paul & Lindy Audrey, Nathan, Lawson, Owen,

Julianna, Clara, Luke, Katie
