OCTOBER 2021 VOLUME 16, NO. 8

THE SCHLEHLEINS

Missionaries to the Tsongas of South Africa

AN OPPORTUNITY NOT TO MISO

Here's a Great Way You Can Help a Woman Missionary

Our little village of Mbhokota doesn't exactly have tractor-beam appeal. Two things I've learned: water doesn't flow up hill. Young people with good jobs in Big City Joburg don't leave for the villages.

But lo, here was **Miso Hlela** agreeing to do just that. She'll be joining us in January to help teach at Miseve Classical School we are opening in January.

She's a godly young lady from a good church. She has a servant's heart. She brings sunshine to the room. She's a Zulu gal moving to a Tsonga village. I don't know many African seminary grads willing to do that.

We want bridges to parents. We want five-year-olds quoting whole chapters of Scripture. We want every subject beneath Christ's feet. Miso wants that too.

How Can You Help?

Do these seven things:

1. Watch her promotional video.
2. Print out this letter and tape it on your fridge.
3. Commit to pray daily for a week for Miseve Pre-school (we need students and teachers) and Miso.
4. Consider sending her monthly support for a year.
5. If money is tight, consider giving up Starbucks.
6. Email me for further details.
7. Enjoy the pleasure that comes from giving (Ac. 20:35)

Mother Update

Thank you to those who have been praying for my mother in Wisconsin. She's been on the vent with Covid for a month.

Less than a week ago, the doctors said she had a 5% chance to live. They said she was their most severe COVID patient. But she has rallied in the past few days. She had a tracheostomy placed yesterday with hopes of getting off the vent very soon. We are confident this success is due to your prayers.

No word yet on our application for the Critical Skills Visa. This is a vital matter that we have been working toward for many years. Please pray that we get this.

GYM Camp Update

Allow me to stand on a chair and wave my hat about our recent Godly Young Men Boys' Camp. Our world's ability to teach boys how to be strong men is, as the Spanish would say, el gono. So, we started a camp.

We had 34 boys with seven leaders. The preaching was practical and clear. The food was great, which the boys ate incessantly. We had seven BAM Activities (Be a Man). Many said their favorite was "How to Do a Fireman's Carry". Most parents said their favorite was "How to Write a Letter." A favorite sermon was "Boys Must Work" from Proverbs 6:6.

We hope to have twice that number next year.

Because He Lives,
